COMPUTER SCIENCE AND ENGINEERING

I am a motivated Computer Engineering student with a strong interest in Python programming, machine learning, and applied mathematics. My academic and project experience reflect a deep curiosity for data-driven technologies and algorithmic problem-solving. I enjoy developing intelligent systems that leverage mathematical models and statistical learning to drive innovation. I am eager to contribute to research and development teams where I can apply and grow my skills in AI, data science, and mathematical computing.

KEY COMPETENCIES

Python	Linear Algebra	Object Oriented Programming
C	Machine Learning/Deep Learning	Algorithms and Data Structures
C++	Probabilty and Statistics	
Java	Calculus	

EDUCATION

Gokkusagi International Schools   **Sep 2015 - June 2019**
IB and Turkish Anatolian Diploma
IB Courses:
Turkish Literature Higher Level, English as a Secondary Language Higher Level, Information Technology in Global Societies Standard Level, Mathematics Higher Level, Further Mathematics Higher Level, Physics Standard Level
Graduated with the highest degree in the school (98/100 GPA)

KU Leuven   **Sep 2020 - Aug 2023**
Dutch Language Preparatory Programme and Computer Science Bachelors
Recieved B2 level Dutch certificate, then Studied for two years however couldn't finish the studies due to problems with my residence permit

Istanbul Rumeli University   **Sep 2023 - Present**
Computer Engineering Bachelors
Continuing my studies successfully with 3.56/4.0 GPA

LANGUAGES

Turkish
Native
English
C2
Dutch
B2

WORK EXPERIENCE

Appen   **May 2024 - December 2024**
Freelance AI Training (Language based projects)

Outlier   **December 2024 - Present**
Freelance AI Training (Math, Coding, Language based projects)
